

New Amendment Ordered to Anti-Alien Land Bill

Final Vote On Famous Measure Is Scheduled for This Afternoon

NEW CLAUSE PERMITS ALIENS TO LEASE FARMING PROPERTY FOR A TERM NOT EXCEEDING 3 YEARS

(By Associated Press.)

SACRAMENTO, May 2.—An amendment to the Webb antialien land bill, permitting aliens ineligible to citizenship to lease agricultural property for a term not exceeding three years, was adopted today in the senate by a non-partisan vote and the bill was sent to the printer with a rush order.

The amendment was decided upon after a conference between the governor, attorney general, and Senator Boynton. Large land interests protested against the anti-lease clause in the original bill, saying it seriously affected them. It is expected that the final vote will be taken late today.

In debate Boynton said the amendment was for the purpose of giving land owners a chance to substitute American tenants before making a law that was too drastic. The vote was 25 yeas to 13 nays.

The text of the Webb bill, before the change was made today was as follows:

1. That all aliens eligible to citizenship may own real property in California to the same extent as citizens of the United States.
2. That all other aliens may own real property in the manner and to the extent and for the purposes prescribed by any treaty now existing between the government of the United States and the nation or country of which such alien is a citizen or subject, and not otherwise.
3. That a corporation of which a majority of the members are aliens other than those eligible to citizenship, or in which a majority of the issued capital stock is owned by such aliens, may own and hold land in accordance with the existing treaties between the government of the United States and the nation or country of which such members or stockholders are citizens or subjects, and not otherwise.

4. Whenever it appears to the court in any probate proceedings, the provisions of this act would prevent an heir at law from taking real property instead of ordering a distribution of such property, an order of sale must be made and the proceeds turned over to the heir in lieu of the real property.

5. The machinery is provided by which property held in violation of the act shall escheat to the state.

6. The measure provides that "nothing in this act shall be construed as a limitation upon the power of the state to enact laws with respect to the acquisition, holding or disposal by aliens of real property in the state."

7. Leasehold and other interest in real property less than fee are brought under the provisions of the act.

Bryan Delays Departure.
WASHINGTON, May 2.—Secretary Bryan telegraphed today that he had reconsidered his purpose to start at once for Washington and will remain in Sacramento until the land legislation was concluded. The officials here believe that Bryan has not exhausted his resources and hopes to influence the legislature in accordance with the President's wishes.

BOLD BURGLAR IS CAPTURED BY STUDENT ACTORS

EXCITING TIME IS SCHEDULED DURING PROGRESS OF FARCE THIS EVENING.

A burglar broke into Mr. Bob Grey's residence and helped himself to a lunch. He was evidently very tired as he fell asleep in a chair and was tied fast by the old negro, Uncle Tom.

There was evidently some mistake in identity as Bob Grey found. Who was the burglar? Well, come to the Nevada theater tonight and see the clever production of the "Time of His Life" by the students of the Tonopah high school and his identity will be revealed. Those who attend the performance will not regret it as the play is going to be well worth the price of admission. The theater will be well heated and there will be no disagreeable waits. The purpose of the play is to send a team to Reno. You can help do this by giving yourself an evening's entertainment at the Nevada theater.

SUFFRAGETTES NEW YORK PLAN DEMONSTRATION

T. ROOSEVELT OF THIRD TERM FAME WILL BE SPEAKER TONIGHT.

(By Associated Press.)

NEW YORK, May 2.—Suffragettes are planning a big demonstration to night and tomorrow night. It is estimated that 30,000 will parade tomorrow, including members from out of town who are arriving on special trains. Roosevelt and Dr. Anna Howard Shaw will be the principal speakers.

If it's of exceptional value at the price, it's sure to be advertised in the Bonanza, also the merchant would be hopelessly unprogressive.

TROUT SEASON OPENS AND FISH ARE PLentiful

RENO SPORTSMEN SAY TRUCKEE RIVER FISHING THE BEST IN MANY YEARS.

At 12 o'clock midnight, the open season for trout fishing began and Jean Walton, by the score, began operations along the Truckee from Pyramid lake to the California line, says the Reno Journal.

The large number of fishermen went up the river as it is said the city sewage and oil from the Sparks shops make the fish of inferior food quality.

There was a large exodus of fishermen from Reno yesterday afternoon and last evening, as the fishing is reported particularly good this year. The prevailing high water allowed the fish to reach the spawning grounds without difficulty and the river is full of the finny tribe.

No changes have been made in the fish laws for the present season, except on the Truckee river. The limit is 10 pounds of small fish or 10 of the large trout that run from 8 to 20 pounds. Spawns cannot be used for bait and worms will be in strong demand.

East of the Glendale bridge the season closes in February. West of the bridge the season closes in October.

More fish are in the river than for years. The fish ladder at Derby dam is working satisfactorily.

HUNTING THE MAN.

The man Gladden, who killed Robert Husey near Pyramid Lake a few days ago is still at large. Two different searching parties have been sent on his trail without finding the man. Gladden and Hansen fought with a scuffling, when Gladden hit his man over the head, resulting in death.

CALIFORNIA PRISONERS WILL RECEIVE WAGES

SACRAMENTO, May 2.—Assemblyman Ellis' bill providing for wages for penitentiary prisoners was passed today. It carries an appropriation of \$125,000.

BANKERS WILL HOLD MEETING AT GOLDFIELD

LARGE DELEGATION IS EXPECTED TO ATTEND ANNUAL CONVENTION NEXT WEEK.

The fifth annual convention of the Nevada Bankers association will be held in Goldfield May 5 and 10. The association was organized Dec. 5, 1908, and at the present time its membership consists of almost every bank in the state of Nevada, and there are a number of associate members in California and Utah.

The present officers are: W. E. Johnson, president, Goldfield; Geo. H. Taylor, vice president, Reno; J. W. Davey, secretary, Reno; H. N. Byrne, treasurer, Ely.

At the convention each bank is represented by one or more delegates, and there are many visitors from other states. Discussions are held regarding subjects of interest to bankers and the whole state, and addresses are made by the leading men in financial circles in this section of the country.

Indications point to a large delegation at Goldfield this year, and the members anticipate a most successful meeting.

SCHUBERTS TO PLAY IN TONOPAH NEXT TUESDAY

MUSIC LOVING PUBLIC WILL BE AFFORDED OPPORTUNITY TO ENJOY TREAT.

Americans like to laugh and this fact is not overlooked by the Schubert Symphony club which will appear at the Nevada theater next Tuesday evening. The club will appear under the auspices of the Tonopah Elks lodge and will be the first musical organization to appear in this city for many months. The club is accompanied by a lady quartette and the program is an artistic one.

The Schuberts appeared in Tonopah five years ago, playing in the old Eagles pavilion, long since dismantled. Their former presence will be remembered by theatergoers for the large pavilion was packed to the doors with an enthusiastic audience.

At that time an effort was made to secure a return date but this proved impossible owing to a long list of waiting engagements.

POPE ARRANGES FOR THE RECEPTION OF CARDINALS

ROME, May 2.—The Pope will begin tomorrow the reception of cardinals.

RUMORED THAT BOSTON TONOPAH AND MIZPAH EXTENSION MINING COMPANIES WILL EFFECT MERGER

Private advices this morning by the Bonanza from Philadelphia state that a merger has been effected by the directors of the Mizpah Extension and Boston Tonopah companies, as a result of a conference between heavy stockholders in the two companies held recently in Tonopah. Confirmation to the report could not be secured in Tonopah today owing to the absence of all directors of the two companies.

It is understood that the terms of the merger will prove beneficial to the Boston stockholders, and this is accounted for by the resolution recently adopted by the Mizpah Extension directors increasing the capital stock of the company from 1,500,000 shares to 2,000,000 shares, of which 5,000 shares will be preferred stock and the balance common stock. The resolution will be presented to the stockholders at the annual meeting to be held in Philadelphia on May 8.

WHO'S WHO IN MERCHANDISING

When a manufacturer perfects some new article or more, the first question that comes up is how to market it; how to create a demand for it.

The usual answer is to place his article in the leading stores and then to cooperate with the retailer in announcing through the newspapers its chief points of excellence.

The newspaper is chosen because it is the most potent medium for spreading information, the surest way of reaching the greatest number of people in the quickest space of time.

It is not surprising that so much of our present day information, especially that which benefits us the most, comes from the habit of reading newspaper advertisements.

A little careful study each day gives us a practical working knowledge of every worth while store and most of the leading and dependable lines of merchandise in the world.

BATTLE WITH TRAIN ROBBER AND IS SHOT

MILLIONAIRE STARTS SHOOTING AFTER FORCED TO GIVE UP POCKETBOOK.

(By Associated Press.)
KANSAS CITY, May 2.—Jesse M. Short, a Joplin millionaire, is in the hospital here badly wounded as a result of a revolver duel in a sleeping car early today, with a robber who boarded the train in the suburbs. The police are seeking the robber who is believed to be wounded and who jumped from the train.

It is believed his sole purpose was to rob Short who lost \$1000. Other passengers were robbed of \$100. Short started shooting after giving up his pocketbook.

HAS HEAVY INTEREST IN BROKERAGE FIRM

In referring yesterday to the opening of the branch house in Tonopah, by Charles S. Sprague Company, no mention was made by the Bonanza of the fact that H. Schwabert is a partner in this firm. This fact was unintentionally omitted. Mr. Schwabert is located in Goldfield and is one of the best known mining and business men of the southern city.

A store that advertises must be a store of values—of "bargains"—or the advertising would not pay.

SUBMIT MOTION OPEN DEFAULT IN DISTRICT COURT

CASES INVOLVING MALCOLM MACDONALD ESTATE ARE IN COURT AGAIN.

Motions to open up the default in two cases are being made today in the district court before Judge Averill. The cases are in connection with the estate of Malcolm Macdonald, one being directed against Irving Macdonald, the administrator, by the Nevada First National bank, and the other being directed against the bank by the administrator. Default judgments were taken in both cases by the bank.

Late yesterday afternoon Judge Averill granted a decree in the divorce case of John M. Houppert versus Elsie M. Houppert. Divorce was the grounds upon which the decree was sought. Houppert is a resident of Manhattan.

MANHATTAN AND MOOSE TEAMS TO BATTLE SUNDAY

NORTHERN TEAM IS COMING TO TONOPAH TO ANNEX SCALPS OF LOCAL PLAYERS.

Manhattan will send a crack team to Tonopah Sunday for the purpose of annexing the scalps of the local Moose team. The game will be played at Recreation park and is scheduled to start promptly at 2:30 o'clock.

Several weeks ago the Moose easily defeated the Knights of Pythias team and since that time have been looking for other worlds to conquer. A challenge was dispatched to the Manhattan aggregation and a prompt acceptance followed. The Manhattan team have a strong team and practice has been indulged in for the past months. The majority of the players appeared in the line up of the northern team last year and a slight advantage appears to be had over the Moose.

The Moose have likewise been practicing for a month and are in good condition. Several weeks parts in the game have been anticipated and a good game is expected. The visiting team will be accompanied by a delegation of rooters.

MANY HUERTA LEADERS JOIN REBEL TROOPS

REPORTED GENERAL AUBURT DESERTS PRESIDENT FOR CONSTITUTIONALISTS.

(By Associated Press.)

NOGALES, Ariz., May 2.—The insurgent state forces evacuated Empalme today when the Mexican general Guerrero began shelling the town preparatory to a land movement from Guaymas. There is a large American colony at Empalme. The constitutionalists are retreating to Hermosilla.

Aubert Deserts Huerta.
EAGLE PASS, May 2.—It is reported that General Aubert and other Huerta leaders have joined the constitutionalists under General Carral in Northwestern Mexico.

TALLMAN MAY BECOME ASSISTANT IN INTERIOR

WASHINGTON, May 2.—W. R. King of Oregon was today appointed chief law officer of the reclamation service, succeeding Clay Tallman on June 15, at which time Tallman will either become assistant secretary of the interior or land commissioner. The salary of the reclamation job is \$6000, and it is said that Tallman did not like it.

BARUCH DECLARES THAT SUPPORT OF TONOPAH MINES COMES MAINLY FROM THE PEOPLE OF THIS CAM

Edwin Baruch, who recently endeavored to secure control of the North Star, has returned to New York after several weeks spent in the west. The following from the Mining Age gives his views of Baruch on the Tonopah mining situation:

"I am not prepared at the present time to say anything relative to North Star. The meeting speaks for itself and we are all gratified to know that the recent strike on the 650-foot level seems to have the earmarks of a permanent development with a chance of becoming a mine of great production."

When asked regarding the so-called situation from the physical point of view in Tonopah, he explained that the speculative public, at large, secures a little imagination, and unwilling to wait a reasonable time for anticipated developments, to materialize.

"We hear of a strike, for instance," continued Mr. Baruch, "which, to be properly proven, involves 30 or 40 feet of crosscutting, and do not realize at the same time that an average of 2 to 3 feet per day is good progress and that no one body is established until a certain amount of crosscutting development work blocks the tongue out."

"The Tonopah camp," he said, "is called upon to fulfill the hopes and expectations of a multitude of speculators who do not realize that they are making mines in Tonopah. I believe a great volume of the genuine support of Tonopah comes from the camp itself and it is a matter of common knowledge that much of the buying for Tonopah can be directly traced to those who work in the mines."

"The North Star strike is particularly interesting because it is the first North Star development which may hold the property from a pre-mining prospect into a mine of permanent producing characteristics. It is believed to be the eastern extension of the McDonald vein in Montana. Tonopah has been open as stated before, on the 950-foot level of the North Star at a point which is about 200 feet north of the shaft. Here no development work has taken place either below or above the vein and personally known that at one place 7 feet, the vein averages \$80 per ton. There are about which they had on the 1250-foot level should be opened the 1350-foot level and to this end they are now drifting. I see that several cars of ore have been shipped and it is to be assumed that the ore comes from those workings."

"Under the skillful management of S. H. Brady, West End continues prosper, though the feeling seems exist generally that West End would make greater strides, were it not compelled to extend a protecting arc to its outside acquisitions. The policy of the company, as creditably suggested by Mr. Brady, is to build up a modest treasury fund before entering the dividend field, at which time it is more than likely the shareholders would show appreciation of nominal proportions. West End is a steady and generous producer now, with development below the 600-foot level would indicate that the tonnage limitations of the property are by no means demonstrated. Likewise if this steady and conservative way Montana is building up and handling a fair volume of tonnage each week through its mill."

SERVICES OVER MURDERED WOMAN HELD TOMORROW

SISTER OF LENA HAMILTON ARRIVES FROM TEXAS AND ARRANGED FUNERAL.

Mrs. Dixon of Austin, Texas, sister of Lena Hamilton, colored, who was shot and killed last Saturday by Lyle Woodcock, arrived this morning and has made arrangements for the funeral of the deceased. The funeral will be held tomorrow afternoon at 2 o'clock from the undertaking parlors of Wagoner and Wagoner. Services will be conducted at the parlors by Father Flynn. The deceased was given the accustoms of the church last Saturday afternoon by Father Flynn, the priest having been summoned at her request.

The Woodcock woman remains at the county jail where she will be held until the conclusion of her case. The trial Attorney Sanders is preparing to file a charge of murder against her, noting upon his information and belief in accordance with the new statute.

WHISKY CACHED IN A CLOSET CAUSES TROUBLE

U. S. District Attorney Sam Platt has filed a complaint before the U. S. commissioner in Reno against McLaughlin and Middleton under a recent federal statute. The two men are saloon men of Hazen in whose room, situated in a closet were found five 10-gallon kegs of whisky, which are alleged to have been stolen from a box car of which the seal had been broken.—Carson News.

POSTMASTER NOMINATED BY PRESIDENT WILSON

(By Associated Press.)
WASHINGTON, May 2.—C. W. Collins of Riverside, Cal., was nominated yesterday as postmaster.

TEMPERATURE REPORT.

Highest temperature yesterday, 48; a year ago, 54.
Lowest temperature last night, 29; a year ago, 25.

DISTRICT COURT MODIFIES ORDER JUSTICE COURT

W. B. SOLLENDER APPEARS AS HIS OWN ATTORNEY AND WINS HIS CASE.

An order modifying the decision of the Tonopah justice court was entered yesterday in the district court by Judge Averill in the case of George L. Bryant versus the Solender Mercantile company. W. B. Solender appeared as his own attorney and fought his case to a successful conclusion.

The suit arose over work performed on a building by the plaintiff, the labor being specified by contract, and the work resulting being outside of that required. The ruling of Judge Averill allowed the plaintiff \$5 for his services and the attorney's fees were reduced to \$10. The fees allowed in the justice court totaled about \$25.

The argument of Solender was characteristic, and he paid his compliments to the bar of this city, with special reference to the counsel opposing him. He informed the court that the case was not one wherein the plaintiff was opposing him, but that the real contention was between himself and the plaintiff's counsel. Several passages at arms resulted and in the end Solender emerged the victor.

DEPART TUESDAY FOR OLD HOME IN MONTANA STATE

Major and Mrs. J. H. Monteath leave Tuesday for Montana where they will make their home in the future. They will locate at Midvale, the entrance to Glacier park. The Monteaths have been residents of Tonopah for a number of years. Major Monteath coming to this camp during the early days. For years he was associated with the late Malcolm L. Macdonald.

Prior to their coming to Nevada, Montana was the home state of the Monteaths and Midvale is not far distant from their former home.

Advertise in the Bonanza.
